UniBinder 8.1

The UniBinder 8.1 features the latest technology for the easy binding of your documents. Based on the already proven Unibind Resin SteelBinding system we have now incorporated a crimping element to give you the perfect bind every time. Designed for office use, the Unibind system combines an amazing choice of covers with an easy to use machine. The UniBinder 8.1 can bind documents from 1 to 120 sheets using only 4 cover sizes, so is both economical and fast. Bind, crimp and cool in seconds, ideal for any size of document in any office, giving you the perfect presentation every time.

Performance

- The UniBinder 8.1 can bind up to 4 documents at once
- Binds up to 120 sheets
- Economical: no warm-up time needed

Easy to use

- Your work is done in 3 easy steps
- User-friendly
- Binds & crimps automatically after detection of the steel spine

Quality

- Super-strong permanent bond
- The crimping movement pushes the paper into the binding resin for a guaranteed binding quality
- Documents can be edited quickly and easily

Reliability

- Always ready to use
- Maintenance-free

BIND

The heating is required to liquify the resin, gravity forces the papers into the softened resin which will solidify once it has cooled down.

CRIMP

Crimping will adjust the metal cover spine to the thickness of your document to ensure perfect binding every time.

COOL

The cooling compartment speeds up the time needed for the resin to solidify.

SPECIFICATIONS

- dimensions: 435 x 270 x 380 mm
- 1 binding compartment (binds 1-120 sheets)
- 1 automatic crimping compartment
- 1 cooling compartments
- weight: 8 kg
- 220-240 V~50 Hz
- 2 x 175 W
- CE certified

BINDS

INSTRUCTIONS

- 1 Insert documents in the UniCover.
- 2 Start heating process.
- 3 Crimp the cover.
- 4 Start cool down process.
