

Magnapunch 2.0 Heavy-duty punch

Who can afford wasted paper, wasted printing and wasted time?

That's why GBC designed the new higher capacity Magnapunch 2.0 with evolutionary edge detection technology that ensures documents punch right the first time and every time. The slick new LCD interface delivers real-time error reporting and set up instructions to keep operators and productivity up to speed. No complicated set-ups. No punching errors. No waste. No missed deadlines. You can bank on it.

Features and benefits

- **Full color interactive LCD**
Push button set-up instructions and real-time error reporting take the guesswork out of operation.
- **Evolutionary Edge Detection Technology**
Virtually eliminate mis-punches before they happen thanks to an early warning system.
- **Continuous Half-Second Punch Cycle**
A high speed, continuous-duty motor punches up to 49,000 sheets per hour. Ideal for high volume, high speed punching.
- **13 High Capacity Interchangeable Dies**
With up to 70% higher punch capacity and dies which install quickly without tools, Magnapunch 2.0 meets all your punching requirements.
- **Easy-to-Use Edge Guide and Clear Front Window**
Operators maintain accuracy, visibility and control at all times.

Magnapunch 2.0

Heavy-duty punch
