SEAL®

Choose from a complete line of ProSEAL® pouch products to create professional indoor signs, displays and presentations in minutes. Ideal for use on any SEAL® roller laminator or ProSEAL laminating system, these high quality yet affordable pouches make sense when you need to laminate just a few prints per day!

Pouch Boards

Easy-to-use, ProSEAL Pouch Boards provide a hassle-free finishing solution. They consist of a pre-cut foam board with an over-laminating sheet that is ready to use without webbing, trimming and waste! Simply slide your print into the pouch, insert the pouch board into your heated roller laminator and you've created striking indoor display graphics in just minutes. Better yet, ProSEAL Pouch Boards are compatible with a wide range of printed media including ink jet, electrostatic, lithograph, newspaper, color copies and other plain papers.

Mount Boards

ProSEAL Mount Boards offer a quick and easy mounting solution for times when an over-laminate is not needed. Pre-cut with a heat-activated adhesive, ProSEAL Mount Boards allow you to mount textured prints such as canvas while also adding rigidity.

Flexible Laminating Pouches

ProSEAL Flexible Laminating Pouches are the perfect tool for encapsulating your prints for protection and enhancement, while maintaining flexiblity for rolling and shipping.

Flexible pouches are constructed from two pieces of laminating film, sealed at one end to form a pouch.

Create professional signs, retail and tradeshow displays, business presentations, encapsulated drawings and other printed media on-demand and with outstanding results.

APPROVED for use with the **ProSEAL**® System
