UniBinder 60

UniBinder 60 is the perfect binding machine for your smaller documents. It allows you to make professional and quality presentations of pictures and documents in seconds with only one system. Designed for office use you can bind documents up to 60 sheets using both the flex and soft covers, giving your document the professional look every time.

Performance

- Binds documents up to 60 sheets
- Perfect for small office use
- Economical: no warm-up time needed

Easy to use

- Your work is done in 3 seconds
- User-friendly
- Operates fully automatically

Quality

- Super-strong permanent bond
- Perfect binding quality
- Edit documents quickly and easily

Reliability

- Always ready to use
- Maintenance-free
- No warm-up time

BIND

The heating is required to liquify the resin, gravity forces the papers into the softened resin which will solidify once it has cooled down.

COOL

The cooling compartment speeds up the time needed for the resin to solidify.

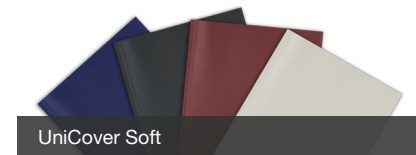

COMPACT

The lightweight and compact design of the system means that it takes up only a small amount of desk space
