

Pinnacle 27 27" roll laminator

The Pinnacle 27 incorporates superior engineering to deliver the highest level of professional lamination quality and easy and intuitive operation. Incorporating GBC's AccuTherm[™] heating technology, the Pinnacle 27 outperforms all other laminators in its class.

GBC's AccuTherm[™] heating technology provides the most consistent lamination quality with the highest clarity, even on long runs. And the Pinnacle 27 brings added capabilities by running both Nap-Lam[®] I and II films up to 3 mil thick.

A fully featured control panel completes the Pinnacle 27 by making operation of the laminator simple. Whether using Nap-Lam[®] I and II film, school projects, banners, posters and more will be at the top of the class.

Added features

- Fast warm-up time of less than 10 minutes
- Runs both Nap-Lam[®] I and II films; up to 3 mil thick
- Integrated temperature gauge and footage counter
- Built in horizontal trimmer

Product Number

1701700

Pinnacle 27 film High quality and crystal clear laminating film insures the finest results.

Pinnacle 27 27" roll laminator

Specifications

Photo quality:	Yes	Ready Indicator:	Yes
