

GBC ProTrim 63

3600218

Product Description

63" Trimmer with rotary blade allows bi-directional trimming.

The ProTrim 63 cutter is specially designed and engineered to meet the requirements of the digital imaging and finishing market. The rotary blade is capable of handling laminates up to 20 mil thick

Features

- Bi-directional to accommodate both right and left-handed operators A built-in catch bin reduces clean up time
Self-actuating clamping system holds your materials in place while the blade is in motion A darkened fixed blade provides contrast for easier alignment of materials Extra large cutting rail guarantees a straight and accurate cut
