

NEW! EzLoad Technology Loads Film Quickly and Easily

HeatSeal® Ultima® 35 EzLoad 12" Roll Laminator

The Ultima 35 EzLoad is the next generation of roll laminating machines. The patented EzLoad technology makes loading film quick and easy.

The innovative EzLoad design greatly reduces film-loading time and prevents the user from loading the film upside-down, thus eliminating costly service calls. Packed with features including a mil thickness range of 1.7 mil to 10 mil NAP II film, one-minute warm-up and more, the Ultima 35 EzLoad roll laminator provides crystal clear lamination everytime.

HeatSeal® Ultima® 35 EzLoad

12" Roll Laminator

WHY LAMINATE?

- Preserve special projects
- Reuse teaching aides
- Enhance the learning experience
- Create an inviting classroom
- Save budget dollars
- Reduce teacher prep time
